

# A Different Point of View

## Murray Little

### Key: A

A piece of the puzzle a part of the plan  
I wear's the skin of a lion o'er the heart of a lamb  
The meek may inherit but the strong who survive  
Don't look at others with un-seeing eyes.

### Chorus

Come on down to our world,  
See life from a different point of view  
Not everyone's the same ...  
Come, walk a mile in my shoes.

Sitting on wheels in the middle of a crowd  
He can't move ahead and he can't go around  
The doorway's too narrow, the ramp is too steep  
You just walk on by your eyes never meet.

### Chorus

We walk among you, though we're seldom seen  
Put out to pasture in the autumn of our years  
We've stories to tell, wisdom to share  
If only you would listen, we would be there.

### Chorus

The color of our skin, the work that we do  
Who we choose to love, LGBTQ  
The language we speak, the faith that we believe  
Put aside indifference wipe away the fears

### Chorus
